

Rebecca Danger Monster Mobile

I took the free pattern from Rebecca Danger's website, and used the little monster chunks to make a crib mobile for my new little monster. You can find the pattern [here](#).

Yarn: Smart 100% wool. One ball, or scraps for each colour. Shown using 4219 (red), 2708 (orange), 2005 (acid yellow), 8514 (green), 6733 (turquoise), 5836 (blue), 5229 (purple), and 4600 (fuschia).

Needles: 3mm dbl pts.

I didn't add anything for the mouths, just two tiny buttons for the eyes. I used transparent thread to hang them, and then wrapped the ring with the corresponding colours.

See also my matching blanket using up the rest of each ball.
